Shoren,

Greetings. We got your message and will have to get back with you on times and dates that would work. It would be good to know if you have any time constraints or dates that do not work for you and your group.

Thanks

Michael, Mary, and Patricia -

David Evans passed your information along to me after a recent briefing in DC on the Pebble Mine proposal and related issues in Bristol Bay, Alaska. I will be in Seattle the week of the 16th of November along with Trout Unlimited's Alaska State Director and our VP for Western Conservation. The three of us would like to schedule a time to introduce ourselves to all of you at the regional office and talk through our concerns with widespread hard rock mining in the headwaters of the Nushagak and Kvichak rivers. I look forward to meeting all of you.

Best regards -
